

## Location & Accommodation

The course is at Markos Place in the resort town of Karfas. Markos Place is a renovated monastery and has a uniquely peaceful and restorative atmosphere.

Accommodation can be arranged easily and most of us will be staying at Aeriko for €50 (single)-60 (double) per night. The double en suite rooms are really lovely. (<http://www.benovias.gr>) Links to other accommodation are available below. There are also luxury 'spa' hotels nearby.

They are all near Markos so there's no problem with getting to the daily seminars.

Free the Beauty of Your Voice

*I just wanted to tell you that I had such a good time. I learned so much and even just a few days of working alone on the things we talked about has given me so much more flexibility and greater control of my voice. You helped me so much; I want to study with you whenever I can In short: thank you, thank you, thank you! Angela J.*

*This course is outstanding - Chios is a gorgeous island, green and welcoming; we stayed close to the lively little town with great restaurants and a fine sandy beach. The pavilion where we sang is open on three sides to a panorama of hillsides and trees. Just before our concert, we saw two eagles hovering over the top of the mountain. The acoustics are great, and it is a wonderful space to let go and really "free the beauty of your voice" Thea B.*

The five-day courses offer the opportunity to sing every day and this includes individual coaching and choral work. Singers do not need to have previous training and there is no audition. I will however need to speak to you to see what you would like to sing for the week.

The venue is at a former monastery and the music room, shaded by fragrant pine trees is open to the fresh sea breezes only 200 meters away! There will be public performances but also plenty of opportunities to just take it easy too.

Individual coaching for your songs and the group work is scheduled every morning, leaving the rest of the day free to explore Chios, lounge on the beach or for the more active types; go scuba diving, wind-surfing, paragliding, mountain-climbing, etc.

Depending on your choice of accommodation, you will be close to the delectable seaside restaurants and the island's best sandy beach.

Imagine waking to the sound of humming birds humming, surf sifting through sand, pine trees whispering and knowing that you are going to spend the day on the paradise island that once was home to the author Homer (*Iliad and Odyssey*).

Yes Chios, the fourth largest island in the Aegean, beckons and The Hap'ning Place offers singers the opportunity to participate in one-week singing workshops on this stupendous island **August 1-5, 2016**

Family and friends are very welcome to come along and they can easily find activities in the mornings while you are singing.
